SUMMARY

Web developer looking for a new opportunity to kickstart my coding career. With 5+ years in education, I have developed excellent planning, project management, and communication skills which I hope to integrate into a web development role.

TECHNICAL SKILLS

JavaScript, React, Node, Express, mySQL, API'S, MongoDB, GraphQL, Git, Github, JQuery,

WORK EXPERIENCE

English Teacher | Self-employed | *October 2017 – June 2021 | Remote*
▪ Taught children age 5-14 English as a second language, including grammar, writing, science, and math
▪ Planned and conducted online classes remotely
▪ Managed individual feedback and adapted course structure to suit each child's learning needs

English Teacher | Chungdahm Learning Institute |July *2016 – October 2017 | Bucheon, South Korea*
▪ Taught children age 5-14 English as a second language, ranging from phonics to essay writing and debate
▪ Reviewed, corrected, and graded writing homework and tests, checking for language clarity, skill, and grammar
▪ Led immersive English language field trips, conversing with the students while engaging them in new environments
▪ Adapted course structure to suit the mixed learning levels of each classroom

Office Management | Gilmore Construction Services | *August 2015 - July 2016 | Raleigh, NC*
▪ Planned and executed the relocation of operations from Raleigh to Boston of this family-owned startup
▪ Invoice generation, bank reconciliation and liaising with tax consultant
▪ General administrative support including managing phone calls, appointments, and customer service.
